

VERIFIER GUIDE

Employment & Income Verification

Thank you for your request for a verification of employment and/or income on an employee of The University of Colorado.

University of Colorado utilizes CCC Verify provided by Corporate Cost Control for all our verifications. CCC Verify provides immediate verification of employment and income on-line, 24/7. To obtain a verification simply visit us 24/7 at www.CCCVerify.com and select the "Verifier" section.

CCC Verify Information:

You must have employee authorization to access verifications.

First time users to the site will need to set up an account as a verifier providing the required information when prompted. This is a very quick process.

- After you have created an account, your organization will then be credentialed and granted access, if appropriate.
- As a credentialed verifier, your organization will have access to the site with the ability to enter the Social Security Number of the employee for your verification of employment and/or income.
- Your report will be displayed instantly and you will be allowed to download a copy for your records.
