The PPO percentage of benefits is based on the PPO Schedule of Allowances.

The Premier percentage of benefits is limited to the Premier Maximum Plan Allowance.

*The Member Cost Percentage for Non-Participating providers is the same as the Premier column for each level of service, but is limited to the non-participating Maximum Plan Allowance. You will <u>ALSO</u> be for the difference between the non-participating Maximum Plan Allowance and the full fee charged by the dentist.

Right Start 4 Kids: Covers children up to their 13th birthday at 100% with no deductible (for the same services outlined in the plan, up to the annual maximum, and subject to limitations and exclusions). The child must see a Delta Dental PPO or Premier provider to receive the 100% coinsurance. If an out-of-network provider is seen, the adult coinsurance levels will apply.

Important Note: This form provides only a brief description of services covered under your contract and does not list those services which are limited or excluded from coverage. Your Summary Plan Description provides a more complete explanation of your coverage, including limitations and exclusions. If differences exist between this Summary of Benefits and your Summary Plan Description, the Summary Plan Description will govern.
