RE: Recommended Changes to Regent Policy 6

The Board of Regents *Policy 6: University and Classified Staff* is up for scheduled review.

The University of Colorado Staff Council (UCSC) has requested a new regent policy, and the draft is contained in *Policy 6.E: Principles of Staff Government*.

This proposed new policy would solidify the relationship between the Board of Regents and USCS. USCS represents all campus staff council entities and staff members directly to the Board of Regents.
