### Quick Tips

#### Marketing Cloud

Replace a link in a [Marketing Cloud email](#) <sup>[3]</sup> you've already sent, and it will automatically update in recipients' inboxes.

#### Cvent

Use [Event Quick Search](#) <sup>[4]</sup> to search from any page within an event for items like Sessions, Speakers, Attendees, pages within navigation, and more.

### General Updates

#### Marketing Cloud

- **Updated Sender Profiles & SAP Compliance:** In order to comply with Gmail/Yahoo bulk sender guidelines that went into effect in early 2024 with a deadline to comply by June 1, new SAPs were implemented in Marketing Cloud in May.
  - All from email address domains in existing Sender Profiles have been updated to match the new SAPs:
    - **Advancement, System, & Boulder SAP:** com.cu.edu
    - **Anschutz SAP:** com.cuanschutz.edu
    - **Denver SAP:** com.ucdenver.edu
    - **UCCS SAP:** com.uccs.edu
  - [See answers to FAQs related to this change](#) <sup>[5]</sup>.

- **Auto-Replies Not Coming Through:** We are aware that auto-reply messages such as OOO emails are not coming through post-SAP implementation. We are working on finding a solution. We will provide updates as we have them.
- **Are You Missing Timely eComm Updates?:** Start by updating your Chatter Group(s) email frequency [6] and you'll receive posts via email (i.e., every post, daily digest, or weekly digest). There is one group devoted to Marketing Cloud & Salesforce and a second group for Cvent. Chatter allows you to collaborate with others, share experiences, and stay informed about eComm resources and updates.

## Cvent

- **Some Reports Sunset in Cvent:** Some reports were sunset in Cvent 6/30/24 and replaced with updated versions. If you see a sunset icon next to one of your existing reports that you need to use past 6/30/24, click on the icon to create an updated report.
- **Cvent Express is Sunsetting:** Express events will be sunset September 2024. That means all events will need to be created in the more robust Flex/Standard format [7]. Cvent users can no longer create Express Events.
  - **September 30** | All created/launched Express events must be complete.
  - **September 30 - December 31** | Completed Express events will remain available for post-event wrap-up.
  - **December 31 & Beyond** | All Express events will be archived.
- **Are You Missing Timely eComm Updates?:** Start by updating your Chatter Group(s) email frequency [6] and you'll receive posts via email (i.e., every post, daily digest, or weekly digest).
