eComm User Newsletter | June 2024 [1]

June 6, 2024 by lauren.galena [2]

True or False Know Before You Go emails must be sent from Marketing Cloud and not Cvent because they are commercial emails and must comply with CAN-SPAM.

Scroll to the bottom for the answer.

General Updates

Marketing Cloud

- **Updated Sender Profiles & SAP Compliance:** In order to comply with Gmail/Yahoo bulk sender guidelines that went into effect in early 2024 with a deadline to comply by June 1, new SAPs were implemented in Marketing Cloud in May.
  - All from email address domains in existing Sender Profiles have been updated to match the new SAPs:
    - **Advancement, System, & Boulder SAP:** com.cu.edu
    - **Anschutz SAP:** com.cuanschutz.edu
    - **Denver SAP:** com.ucdenver.edu
    - **UCCS SAP:** com.uccs.edu
  - See answers to FAQs related to this change [3].
- **Collaborative Communities:** Interested in being part of a collaborative community devoted to eComm? Start by updating your Chatter Group(s) email frequency [4] and you'll receive posts via email (i.e., every post, daily digest, or weekly digest). There is one group devoted to Marketing Cloud & Salesforce and a second group for Cvent. Chatter allows you to collaborate with others, share experiences, and stay informed about eComm resources and updates.

Cvent

- **Cvent Quarterly Updates:** Cvent rolls out updates every quarter. Review the summary of updates [5] that directly impact eComm.
- **Some Reports Sunsetting in Cvent:** Have you noticed a sunset icon next to a report in Cvent? Reports with this icon next to them will be sunset 6/30/24 and replaced with updated versions. If you see this icon next to one of your existing reports that you're planning to use past 6/30/24, click on the icon to create an updated report.
- **Cvent Express is Sunsetting:** We have been informed that Express events are to be sunset September 2024. That means all events will need to be created in the more robust Flex/Standard format [6]. Cvent users can no longer create Express Events.
  - **September 30 |** All created/launched Express events must be complete.
  - **September 30 - December 31 |** Completed Express events will remain available for post-event wrap-up.
  - **December 31 & Beyond |** All Express events will be archived.
- **Collaborative Communities:** Interested in being part of a collaborative community devoted to eComm? Start by updating your Chatter Group(s) email frequency [4] and you'll receive posts via email (i.e., every post, daily digest, or weekly digest). There is one group devoted to Marketing Cloud & Salesforce and a second group for Cvent. Chatter allows you to collaborate with others, share experiences, and stay informed about eComm resources and updates.

Answer: False Know Before You Go emails are sent to people who have already registered for an event, making them transactional. These emails can be sent to registrants via Cvent

since they are non-commercial, and CAN-SPAM does not apply. Learn more about CAN-SPAM and transactional vs. commercial emails [14].
