

Have you seen the redesigned HCM homepage? [1]

June 21, 2018 by [Employee Services](#) [2]

Earlier this year, Employee Services representatives spoke with campus groups to discuss changes they believed would help enhance the user experience on the HCM homepage. The updates debuted on June 20.

See what's changed and learn your way around the new look and layout.

Top menu and page modifications

When you first visit the webpage, you'll notice changes begin with the top navigational menu:

- **Getting started: Training** has been shortened to **Training**.
- **Separation** has moved to the Employee Transactions area.
- **Manage Performance** has been removed.
- **Employee Services** have been removed from the menu and placed as a large button on the home page.

Once you move down the page, you'll see **Recent Blog Posts**, **Documents**, **Events**, **Contact Us**, **Track your Tickets** and **Quick Links** columns that make accessing everything from the newest blogs to important events and deadlines and easy.
