

Final CU Data Upgrade My Content Support [1]

January 15, 2020 by [Aron Sage](#) [2]

IRM Stakeholders,

Please join us Thursday, January 23, 2020 from 1-3pm to review any questions you or your users have regarding the CU-Data Upgrade. If you need a late migration of your My Content from old WRT or old PRD, we will open up the old environments during this session.

This will be the final opportunity to move any My Content from the old CU Data environment into the new CU Data environment.

As we move forward with continued training sessions, we will be using SkillSoft for registration. The Session ID for this course is ilt_a00225-0002 and it can be found in the Instructor Led Training Sessions. Please feel free to share this information with any of your peers or CU Data users who still need assistance with the upgraded environment.

In Person - 1800 Grant Street, RM 256
