## **Project Prompt** <sup>[1]</sup>

February 15, 2016 by [Carl Sorenson](#) <sup>[2]</sup>

m-Fin project prompts are changing to accept CU's new project id's that have a letter in the third position. Until now project id's have been comprised entirely of digits.

All of the Cognos QA m-Fin reports that prompt for project id have been updated with this change. I expect these reports will migrate to production later this week.
