

No UIS production maintenance in August due to semester start ^[1]

July 21, 2020 by [UIS Communications](#) ^[2]

No production maintenance windows are scheduled for the time period prior to the fall 2020 semester starting for the University of Colorado campuses this August.

Fall 2020 classes will start on Aug. 17 and Aug. 24. Leading up to this, there will be no production and minimal nonproduction maintenance windows. UIS does this to allow employees continuous system access while preparing for this critical time.

Upcoming maintenance:

- See the [Business Calendar](#) ^[3] for future maintenance window dates and times.
- Visit the [UIS Maintenance Matters Blog](#) ^[4] for detailed information on upcoming UIS maintenance and how it affects you.
