Another Year of CPE Concludes with Instructor Appreciation

Posted on May 21, 2014 by nroden

On Wed, April 23, the OUC was pleased to host an Appreciation Event for instructors in our Continuing Professional Education (CPE) Program.

The program provides free CPE credit to the University's certified public accountants (CPAs), as well as to those with certain other certifications (fraud examiner, etc.). It also offers no-cost professional development and training to employees who are not CPAs.

The annual appreciation event recognizes the significant contributions of more than two dozen individuals who volunteer to teach almost 50 CPE courses. Assistant Vice President/University Controller Robert Kuehler and CPE Program Manager Lisa Vallad highlighted the instructors' roles and accomplishments and thanked them for their service. Social networking time included a discussion of new course topics as the CPE Program wraps up a highly successful third year and gears up for the start of its fourth.
