

OUC Town Halls wrap up in Downtown Denver ^[1]

October 28, 2013 by [normandy.rodén](#) ^[2]

The OUC closed out a week of Town Hall sessions with a visit to the Denver Campus on Fri, Oct 11. We had a nice crowd in the beautiful Business School building downtown. Participants were particularly interested in learning about the OUC's work in technology/resources, Cognos m-Fin reports, and PeopleSoft Finance. We were pleased to review the comments and suggestions on the session feedback forms ... and particularly appreciated the statement, "Thank you for your time and enthusiasm!" A great way to wrap up our Town Halls for 2013. We look forward to seeing you all again next year!
