Effective April 10, 2025, all short-term tourism, business, and transit visits to Brazil will require electronic visas for passport holders from the US, Canada, and Australia. Please make advanced plans for this digital process when traveling to Brazil, as there could be processing delays with increased demand in the new process.

More information on the eVisa requirements can be found on [Brazil's government page](#) ^[3], and the eVisa application process can be initiated on [the VFS website](#) ^[4].
