Life is a complex brew that takes time and patience, persistence and some detailed know-how — and like a good cup of tea, everyone prefers their retirement their way. For many, retirement is a time of renewed focus on family, personal passions or adventure, and the path to get there is just as unique as your desired retirement lifestyle.

No one can tell you exactly how to concoct your ideal retirement, but you can learn the best methods to stir together the ingredients to manage your retirement at every stage for your individual situation and goals.

Employee Services is here to help take the mystery out of the retirement planning process. Each year, we host Retirement Ready — a series of educational sessions designed to help employees nearing retirement age tend to important details before they reap the fruits of their labors in retirement.

Anyone within five years of retirement should begin planning as soon as possible, and our Retirement Ready virtual series is a great way to jump right in. This year's Retirement Ready presentations include webinars hosted by TIAA, PERA, Social Security and Medicare, as well as on-demand courses from Employee Services.

On-Demand Courses

Employees should prepare for the speaker series by visiting the Retirement Ready website to access retirement guides and checklists and by watching one of our retirement prep courses: **University of Colorado 401 (a) Retiree Benefits** ^[3] or **University of Colorado PERA DB Retirees** ^[4]. These courses are available year-round from the [Retirement Ready homepage](#) ^[5].
