

Bryn Samuelson - CPE Instructor ^[1]

Bryn Samuelson is the Director of Business Operations for University Information Services at the University of Colorado. Bryn has a Bachelor's of Business Administration in Finance and a Master's in Accountancy from CU Boulder.

Bryn has spent her career in higher education at the University of Colorado. She held the roles of Accounting Technician, Accounting and Procurement Manager and Budget Director during her six year tenure with the Leeds School of Business on the Boulder campus before joining the Denver campus' College of Arts & Media where she was Assistant Dean for Budget and Human Resources, expanding her experience with personnel management and the employee lifecycle. Bryn joined the University of Colorado System as Director of Business Operations for University Information Systems (UIS) in December 2013 where she blends her skills in human resources and personnel management with budgets, accounting, space planning and general administration.
