[View It's Accrual World](#) <sup>[37]</sup>

## **It's Accrual World: Gearing Up for Fiscal Year-End**

The It's Accrual World: Gearing Up For Fiscal Year-End course offers 2.0 hours in Accounting (Governmental), and will provide a basic understanding of the importance of fiscal year-end, to include accruals, the tasks that need to be completed, and deadlines.

[View It's Accrual World: Gearing Up for Fiscal Year-End](#) <sup>[38]</sup>

## **Journal Entry Spreadsheets**

The Journal Entry Spreadsheets course offers 1.0 credit hours in Computer Software and Applications, and will provide participants with demos and tips on using the spreadsheet journal entry function in the PeopleSoft Finance System.

[View Journal Entry Spreadsheets](#) <sup>[39]</sup>

## **Leading Yourself through Change: The Power of Habit**

The Leading Yourself through Change: The Power of Habit course offers 1.0 credit hours in Personal Development, and will provide participants with a step-by-step approach to understanding and reshaping their personal/professional habits. The process of leading internal change can then be applied to leading external change for teams and projects.

[View Leading Yourself through Change: The Power of Habit](#) [40]

## **Learning Activity Exchange**

The Learning Activity Exchange course offers 1.0 credit hours in Personal Development, and will provide participants with opportunities to practice ice breakers, training games, technologies, and other tools to generate interest, interaction, action, and retention.

[View Learning Activity Exchange](#) [41]

## **Managing Remote Work: Lessons Learned and Future Challenges**

The Managing Remote Work: Lessons Learned and Future Challenges course offers 1.0 credit hours in Management Services, and will provide participants with best practices for managing projects and teams in remote work environments, including evaluation and planning for the different work scenarios of the future.

[View Managing Remote Work: Lessons Learned and Future Challenges](#) [42]

## **Mastering Excel: Filter, Combine, and Separate Data and the Match Formula**

The Mastering Excel: Filter, Combine, and Separate Data and the Match Formula course offers 2.0 credit hours in Computer Software and Applications, and will provide participants with a comprehensive understanding of formulas and techniques to efficiently manage data in Excel and visualize this data in charts and dashboards. Specifically, this class covers filtering ranges, freezing panes, combining and separating data, and the Match formula.

[View Mastering Excel: Filter, Combine, and Separate Data and the Match Formula](#) [43]

## **Mastering Excel: If, SumIf, and CountIf Formulas**

The Mastering Excel: If, SumIf, and CountIf Formulas course offers 2.0 credit hours in Computer Software and Applications, and will provide participants with a comprehensive understanding of formulas and techniques to efficiently manage data in Excel and visualize this data in charts and dashboards. Specifically, this class covers the CountIf, SumIf, CountIfs, SumIfs, and IF formulas.

[View Mastering Excel: If, SumIf, and CountIf Formulas](#) [44]

## **Mastering Excel: XLOOKUP and VLOOKUP Formulas**

The Mastering Excel: XLOOKUP and VLOOKUP Formulas course offers 2.0 credit hours in Computer Software and Applications, and will provide participants with a comprehensive understanding of formulas and techniques to efficiently manage data in Excel and visualize this data in charts and dashboards. Specifically, this class covers the XLOOKUP and VLOOKUP formulas.

[View Mastering Excel: XLOOKUP and VLOOKUP Formulas](#) <sup>[45]</sup>

## **Mastering m-Fin: CU-Data Upgrade**

The Mastering m-Fin: CU-Data Upgrade course offers 1.0 credit hours in Computer Software and Applications, and will empower m-Fin report users with the skills needed to navigate the upgraded Cognos 12 user interface and leverage its new features.

[View Mastering m-Fin: CU-Data Upgrade](#) <sup>[46]</sup>

## **Mastering m-Fin: Financial Detail Reports**

The Mastering m-Fin: Financial Detail Reports course offers 1.0 credit hours in Accounting (Governmental), and will provide participants with an overview of both the m-Fin Financial Detail Report and the m-Fin Financial Detail II Report, including when these reports are useful, which extra data options are available, and how to interpret the reports within the University's context.

[View Mastering m-Fin: Financial Detail Reports](#) <sup>[47]</sup>

## **Mastering m-Fin: Running & Scheduling Reports**

The Mastering m-Fin: Running & Scheduling Reports course offers 1.0 credit hours in Computer Software and Applications, and will present participants with the different options for running, saving, and scheduling reports in the CU-Data financial reporting system.

[View Mastering m-Fin: Running & Scheduling Reports](#) <sup>[48]</sup>

## **Mastering m-Fin: SpeedType One-Liner & Resource Deficit Reports**

The Mastering m-Fin: SpeedType One-Liner & Resource Deficit Reports course offers 1.0 credit hours in Accounting (Governmental), and will provide participants with an overview of both the m-Fin SpeedType One-Liner Report, and the m-Fin Resource Deficit & Abnormal Balance Report, including when these reports are useful, which extra data options are available, and how to interpret the reports within the University's context.

[View Mastering m-Fin: SpeedType One-Liner & Resource Deficit Reports](#) <sup>[49]</sup>

## **Mastering m-Fin: Trial Balance Report**

The Mastering m-Fin: Trial Balance Report course offers 1.0 credit hours in Accounting

(Governmental), and will provide participants with an overview of the m-Fin Trial Balance Summary Report, when this report is useful, which extra data options are available, and how to interpret the report within the University's context.

[View Mastering m-Fin: Trial Balance Report](#) <sup>[50]</sup>

## **Mastering m-Fin: Using m-Fin Launch**

The Mastering m-Fin: Using m-Fin Launch course offers 1.0 credit hours in Computer Software and Applications, and will demonstrate the use of the m-Fin Launch option in CU-Data to produce a list of appropriate m-Fin reports based on a SpeedType, Org, Program, or Project.

[View Mastering m-Fin: Using m-Fin Launch](#) <sup>[51]</sup>

## **Micro-aggressions and Micro-affirmations: Awareness in the W?orkplace**

The Micro-aggressions and Micro-affirmations: Awareness in the W?orkplace course offers 2.0 credit hours in Personnel/Human Resources, and will provide participants with a basic understanding of the impacts of micro-aggressions in the work environment and techniques to address these impacts with kindness and respect.

[View Micro-aggressions and Micro-affirmations: Awareness in the W?orkplace](#) <sup>[52]</sup>

## **Microsoft Excel: Working with Large Datasets**

The Microsoft Excel: Working with Large Datasets course offers 2.0 credit hours in Computer Software and Applications, and will provide participants with an overview of the various formulas and functions Microsoft Excel offers to manage data and get to the desired outcome efficiently.

[View Microsoft Excel: Working with Large Datasets](#) <sup>[53]</sup>

## **Money Matters**

The Money Matters course offers 1.0 credit hours in Finance, and will provide participants with information on personal budgeting, the importance of savings and investments, mortgage pitfalls, and how to add in the fun factor.

[View Money Matters](#) <sup>[54]</sup>

## **Month-End Financial Close**

The Month-End Financial Close course offers 1.0 credit hours in Accounting (Governmental), and will provide participants with a basic understanding of the importance of month-end financial close, the tasks they need to complete, and the deadlines that may impact them.

[View Month-End Financial Close](#) <sup>[55]</sup>

## **Moving into Change: Understanding, Accepting, and Leading Transformations**

The Moving into Change: Understanding, Accepting, and Leading Transformations course offers 2.0 credit hours in Personal Development, and will provide participants with a toolkit of change facilitation theories, change anticipation/acceptance activities, change communication tools, and transformational leadership skills.

[View Moving into Change: Understanding, Accepting, and Leading Transformations](#) <sup>[56]</sup>

## **Paperless Financial Reconciliation**

The Paperless Financial Reconciliation course offers 1.0 credit hours in Accounting (Governmental), and will arm participants with the knowledge and tools needed to complete their monthly financial reconciliation process completely electronically.

[View Paperless Financial Reconciliation](#) <sup>[57]</sup>

## **PeopleSoft Query: Creating Queries in FIN 9.2**

The PeopleSoft Query: Creating Queries in FIN 9.2 course offers 4.0 credit hours in Computer Software and Applications, and will provide participants with an overview on the key skills they need to create queries within the PeopleSoft Finance System.

[View Creating Queries in FIN 9.2](#) <sup>[58]</sup>

## **PeopleSoft Query: Running Queries in FIN 9.2**

The PeopleSoft Query: Running Queries in FIN 9.2 course offers 1.0 credit hours in Computer Software and Applications, and will provide participants with an overview on the key skills they need to run and interpret queries within the PeopleSoft Finance System.

[View Running Queries in FIN 9.2](#) <sup>[59]</sup>

## **PeopleSoft Reports in FIN 9.2**

The PeopleSoft Reports in FIN 9.2 course offers 1.0 credit hours in Accounting (Governmental), and will provide participants with the key skills they need to decide when and how to run and interpret reports within the PeopleSoft Finance System.

[View PeopleSoft Reports in FIN 9.2](#) <sup>[60]</sup>

## **Performance Improvement Using the REST Methodology**

The Performance Improvement Using the REST Methodology course offers 1.0 credit hours in Personal Development, and will provide participants with techniques to address the culture of busyness that pervades modern life so they can learn how to improve work performance and achieve goals without the exhaustion and burnout.

[View Performance Improvement Using the REST Methodology](#) <sup>[61]</sup>

## **Personal Tax Update**

The Personal Tax Update course offers 1.0 credit hours in Taxes, and will provide participants with an overview of the tax changes for the previous tax year that may impact taxpayers' personal tax returns, and provide participants with information about resources if they have further tax questions.

[View Personal Tax Update](#) <sup>[62]</sup>

## **Presenter Certification Program: Content and Delivery**

The Presenter Certification Program: Content and Delivery course offers 1.0 credit hours in Communications and Marketing, and will provide participants with the knowledge and skills needed to improve the quality of their professional presentations in the areas of audience needs identification and oral delivery.

[View Presenter Certification Program: Content and Delivery](#) <sup>[63]</sup>

## **Presenter Certification Program: Elements of Engagement**

The Presenter Certification Program: Elements of Engagement course offers 1.0 credit hours in Communications and Marketing, and will provide participants with the knowledge of how, when, and why to build interactivity into their meetings, training sessions, and other events.

[View Presenter Certification Program: Elements of Engagement](#) <sup>[64]</sup>

## **Presenter Certification Program: Virtual Presentations**

The Presenter Certification Program: Virtual Presentations course offers 1.0 credit hours in Communications and Marketing, and will provide participants with the knowledge and skills needed to improve the quality of their online presentations, meetings, and other events.

[View Presenter Certification Program: Virtual Presentations](#) <sup>[65]</sup>

## **Presenter Certification Program: Visual Design and Resources**

The Presenter Certification Program: Visual Design and Resources course offers 1.0 credit hours in Communications and Marketing, and will provide participants with the knowledge and skills needed to improve their professional presentations through the effective use of slides, handouts, posters, and other resources.

[View Presenter Certification Program: Visual Design and Resources](#) <sup>[66]</sup>

## **Process Mapping for Efficiency and Cross-Training**

The Process Mapping for Efficiency and Cross-Training course offers 1.0 credit hours in Management Services, and will provide participants with a team-based method for identifying, integrating, and diagramming processes between departments and individuals.

[View Process Mapping for Efficiency and Cross-Training](#) [67]

## **Projects-Factors for Success**

The Projects-Factors for Success course offers 1.0 credit hours in Management Services, and will provide participants with an overview of best practices to promote successful management of projects big and small, as well as practical tips on how to guide a project through all phases to its completion.

[View Projects-Factors for Success](#) [68]

## **Recognition and Training**

The Recognition and Training course offers 1.0 credit hours in Finance, and will provide participants with the requirements of the Recognition and Training procedural statement, along with concrete, campus-specific examples.

[View Recognition and Training](#) [69]

## **Red Flags Rule**

The Red Flags Rule Course offers 2.0 credit hours in Auditing and will provide participants with basic tools to detect and prevent identity theft (against borrowers, students, and customers) and help prevent losses to the University.

[View Red Flags Rule](#) [70]

## **Sensitive Expenses**

The Sensitive Expenses course offers 1.0 credit hours in Finance, and will provide participants with the requirements of the Sensitive Expenses procedural statement, along with concrete, campus-specific examples.
