

Integrated Online Services (IOS) Help Ticket ^[1]

Team leaders meet twice per week to respond to incoming requests. When specifying a desired delivery date, please allow for a general delivery time of ten business days as a starting point. We will contact you to discuss the specific timeline associated with your request.

How can we help? *

List Upload Prerequisites

Please follow these steps to submit a list of contacts for upload to the IOS Salesforce.

1. [Download this template](#) ^[2] to understand the data needed and the desired formatting. **All columns on this list are required.** Please include any additional fields on the contact record you would like included in your upload.
2. Discuss internally if you want the Collegis call center to contact this list (populate Column M with TRUE/FALSE).
3. Review our [Lead Source Attributions](#) ^[3] and select a value for both Source Channel and Lead Source to include with your list.
4. [Find or Create a campaign](#) ^[4] to add your contacts to when they are uploaded.

Desired Delivery Date or Launch Date *

Please allow for a general delivery time of ten business days as a starting point. If your request is urgent, please specify the urgency in the prioritization dropdown below.

How should we prioritize this request? *

Technical Support *

Getting Salesforce Access

- Learn more about the [three steps required to get access to Salesforce](#) ^[5], including:
 - ?Pre-Access Requirements

- New User Training
- Quiz & Request Access

Program Request *

You may have the opportunity to include numerous specializations under the same program in a single request. All included specializations must require the same type of request (add or modify or delete).

Please provide the program page URL * online.cu.edu

Please provide the program page URL * online.cu.edu

Specialization: Specialization SIS Code (SubPlan): Include another specialization? * Yes
 (track/minor/major)

Specialization SIS Code (SubPlan):
(track/minor/major)

Standard Process When Adding New Program

New Program Questionnaire

After submitting your request for a new IOS program, you'll need to complete a questionnaire pulling together a number of resources about your program [6]. This information will be used to create the program page on the IOS website (*online.cu.edu*) as well as any additional marketing assets.

Standard Process When Deleting Program

- **IOS will remove the program page and, if applicable, any associated landing pages** from *online.cu.edu*. This includes references to the program in RFI form selection options and the “Find My Program” feature on the site.
- Separately, **you will need to take steps to discontinue or modify any paid campaign activity**, including AdWords, social media activity and other outlets making references to the program. Historical data for the program will still be available, however, no new data will be collected.

Do you need Marketing or Web Support? *

Web support entails content housed on *online.cu.edu* (not campus sites).

Do you need Marketing or Web Support? *
