FAMLI estimated benefits

FAMLI coverage will only offer a percentage of an employee’s full wages, based on their weekly wage rate. Although FAMLI leave only offers partial wage replacement ^[4], other CU leave types may be used to supplement FAMLI and compensate an employee’s full wages. The amount of money paid to an employee for their work, including tips, excluding any amount paid for sick or disability leave, pensions or cafeteria plans. ^[5] This includes sick leave, vacation leave, paid parental leave and short-term disability.

See the table below for a broad view of how this is calculated based on sample weekly wage rates.

\$500	\$450	\$5,400	90%
\$1,000	\$768	\$9,216	77%
\$1,500	\$1,018	\$12,216	68%

Weekly Wage	Weekly Benefit	Maximum Annual Benefit	Percent of Weekly Wage

CU FAML I supplemental leave calculators

These calculators can assist payroll liaisons and Human Resources contacts with estimating FAML I supplemental leave amounts for employees. CU FAML I offers a percentage of an employee's full wages, based on their average weekly wage rate over the past 4 of 5 quarters worked at CU, while they are on FAML I leave. The employee may supplement their FAML I benefit with other CU leave types (sick, vacation, paid parental leave, comp time, etc.) to compensate up to the employee's current full wages.

Important considerations

- These calculators produce estimates of FAML I wage replacement benefits and FAML I supplemental leave amounts based on the employee's current pay rate in job data. The employee's actual benefit and supplemental leave amount may be more or less than what is shown on the calculator because it is based on average wages over the past 4 of 5 quarters worked at CU.
- These calculators are meant to assist payroll liaisons and Human Resources contacts and employees with planning out an employee's leave schedule and pay while on leave. The employee will be provided their Leave Plan with actual FAML I supplemental leave amounts when working with their Employee Services Leave Coordinator at the time that they request leave.
- The maximum amount of weekly FAML I wage replacement benefits that can be provided to an employee is \$1,100.
 - The portion of an employee's average weekly wage that is equal to or less than 50% of the state average weekly wage will be replaced at a rate of 90%.
 - The portion of an employee's average weekly wage that is more than 50% of the state average weekly wage will be replaced at a rate of 50%.
