

Exclusive ^[1]

This Anthem-administered plan lets you choose health care providers within a single statewide network. The facilities, providers and suppliers with whom your health insurer or plan has contracted to provide health care services ^[2], giving you access to doctors and specialists across the Front Range.

You'll receive care at UCHealth facilities by physicians from the CU School of Medicine, UCHealth Medical Group and others. Your Primary Care Provider (PCP) A physician (medical doctor or doctor of osteopathic medicine), nurse practitioner, clinical nurse specialist or physician assistant, as allowed under state law, who provides, coordinates or helps a patient access a range of health care services ^[3] manages your care, but you do not need a referral. A written order from your primary care provider for you to see a specialist or receive certain health care services for any covered service that cannot be performed by your primary care provider. This applies to our Anthem Exclusive and Kaiser plans. ^[4] to see a specialist.

No out-of-network coverage is available except for urgent Care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require emergency room care ^[5] and/or emergency care. A medical or behavioral health condition that must be treated at the emergency department of a hospital due to an illness, injury, symptom or condition severe enough to risk serious danger to your health (or, with respect to a pregnant woman, the health of her unborn child) if you didn't get medical attention. See where and when to get care. ^[6].
