CU-Data (Cognos) [1]

CU's enterprise data reporting tool

The CU-Data reporting tool, run through Cognos, is a robust tool offering standardized business intelligence (BI) reports to assist with analysis and presentation of data contained mostly in the Central Information Warehouse (CIW).

UIS provides an enterprise server platform to CU customers for direct data sharing use. CU-Data is available on the UIS website, Cherwell and all applicable systems with additional authentication through PingFederate.
