## Enterprise Portal (EP) [1]

Overview: Enterprise Portal (EP) is the main point of entry for self-service applications for students, faculty and staff. It is also the main access mechanism for the tools that are integrated under the CU Student Information System (CU-SIS); including Campus Solutions [2], Cognos [3], Document Management [4], Customer Relations Management (CRM) [5], International Student and Scholar Management (ISSM) [6], Degree Audit and Transfer Credit (DATC) [7], Concur Travel & Expense System and CU Marketplace. CU campuses have their own main entry portal and a campus-specific prospective student recruiting portal.

Benefits: Some of the benefits of the Enterprise Portal include:

- Single point of access for all university applications
- Branded to the look and feel of the campus with which the employee is associated.
- By having a single point of entry, the cost of implementation for future systems is decreased by providing a seamless single sign on for all systems the user has permissions to access.

Who is eligible to use the service: All students, faculty, staff and anyone interested in attending any campus of the University of Colorado.

How to request access to the service – Faculty and Staff: For information on how to request access to Enterprise Portal, see the <u>Access</u> [8] website.

**How to request access – Students:** Access is granted by signing up as a prospective student or applicant through the online admissions application.

## Alias information / Service History:

- Interaction Hub
- MyCUInfo Boulder Main Portal
- UCDAccess Denver Main Portal
- MyUCCS Springs Main Portal
- System Portal
- MyCUBoulder Boulder Recruiting Portal
- GoUCCS Springs Recruiting Portal
- Prospective Student Portal Denver Recruiting Portal

**Compatible Browsers**: Refer to the Supported Browsers [9] page.

**Escalation Contacts and procedure:** Contact your campus Service Desk.

## **Groups audience:**

**University Information Services**
