I. INTRODUCTION

APS 1040 was adopted following revisions to Regent Law and Policy effective January 2018 and has been revised following revisions to Regent Policy 4.B.3 in April 2025.

In general, Board of Regents approval of ~~non-degree~~ certificate programs is not required. ~~However,~~ “external entities may require Board of Regents approval to create and/or discontinue non-degree credentials. When allowed by the external entity, the Board of Regents delegates non-degree credential approval authority to the chancellors. The Board of Regents shall be informed of any such non-degree credential created or discontinued on a chancellor’s approval.(Regent Policy 4.B.3)” a campus may request board approval of gainful employment certificates. Consistent with Colorado Commission on Higher Education (CCHE) policy, a Colorado public institution may elect to submit records of gainful employment certificate completions for inclusion in the higher education funding formula provided they have been awarded in a program approved by the governing board. This APS outlines procedures for obtaining Board of Regents approval where it is required and not delegated and elements that should be considered where delegated in such cases.

¹ ~~Gainful employment certificates are defined according to federal guidelines.~~
